With reference to the above order Sadabahar, Shah and other Headmen of the said Seven Villages state that neither any investment nor any interest in the present increase that this legislation seeks for which the Seven Villages pressure granted have been regularly performed (as matter of fact is more than legal is required by them,) that they have been carefully managing the Villages and paying particular attention to the welfare of the people, that they have never been concerned with politics, that they neither nor any other officers had held any enquiry regarding these matters nor have they received any complaint from the people and that under the circumstances it is unjust to sequester and attach the said Seven Villages - and it is doubtful under this Sec. 165 of the L.R. Code applied to a case like the present one.

I think that it is desirable that the village should continue under Govt management, at all events till 1909 when the debt due to Govt will be entirely liquidated. The balance of Rs 300 may be used for the purposes mentioned by the Dy Commr. The question of restoring the village to the petitioners need not be considered till 1909. In the meanwhile they may as managers of the Durga be entrusted with the expenditure relating to Pathya & other services. Yes.

The question is whether the Inam village is to be restored to the Petrs. It depends upon 2 considerations (1) whether the interest & emoluments due will be regularly paid if the village passes into their possession again (2) whether the religious service for which the village was given as Inam will be properly performed & funds available for the several ceremonies to be performed according to Inam ord. The Mazrai Dept is only interested in the 2nd clause. The Inam has been given under the Land Improvements Regn. The Dy Commr proposes the restoration subject to certain conditions. It has to be decided whether his proposals may be sanctioned. Submit for orders

Muzrai Secretary Mr. L. Anantasamy Rao's remarks:—

Sup B.

While the Deputy Commissioner, Mr. M Narayan Rao reported in his letter No 496 dated 21st December 1902, that the Managers of the Darga were irregular in paying the instalments due to Government on account of the loan, that the Services in the Darga were not properly performed and that the village was mismanaged, and while he recommended a scale

of payments to be made in future, it is matter for surprise that he should in the same breath have recommended the restoration of the village to the said managers. Owing to these irregularities the village was taken over under Government management and if it is again restored, there is no guarantee that affairs will not again fall into disorder as before. It is my humble opinion therefore that while the scale of payments suggested by Mr. M Narain Rao, may be accepted the restoration of the village should be refused, at least until the Government loan is fully repaid, that is up to the year 1909, and that the management may continue in the Muzrai

Department.

As regards the balance of Rs 279 accruing after the payments above referred to are made, the Deputy Commissioner's proposal is that the whole amount should be distributed among the shareholders connected with the Darga. But it is perhaps undesirable to make such a general provision as the revenue of the village may increase in future years under Government management. The Deputy Commissioner may therefore be called upon to report who should be appointed as the manager and the scale of allowance to be given to him for doing the Mouzan & Desh

The order in this case may issue from the Muzrai Department as it is interested in the mantenance of the Institution as a permanent arrangement. The village being under the management of Government, the Deputy Commissioner in the Muzrai department will see that the instalments due to Government on account of the loan are duly paid.

He has submitted a bill for taxation for Rs 1080, being the amount claimed by the shareholders towards the adjustment of the amount said to have been spent by them for Urs &c from their own pocket for 4 years from 1901-02 to 1904-05. In supporting this claim, the Dy Comr states that Rs 3490-4-2 were collected from the seven villages during the 4 years in question, leaving a balance of Rs 540-14-10 to be yet collected;

Order thereon:— 2959-63
Dy 30.12.07

The Govt. in the Revenue
Department, in their Pro: No. 13344/R 1603,
dated 28th January 1893, sanctioned
a loan of Rs 3,000/- under the
Land Improvement (Loans) Regulation
XV of 1890 to Gulbahar Shah and
others, the then Managers of the
Ahmed Shah Gumbaz at

Chitaldrug towards the re-
storation of a breached
tank for the benefit of
the lands in the Devadaya
Inam village of Sajjankere
in the Chitaldrug Taluk
granted for the support of
the Institution, and directed
the repayment of the loan
in fifteen annual instalments,
commencing from June 1895.
As the Managers however
rendered themselves very
unpopular with the raiyats
of the village by their oppres-
sive conduct towards them,
and also failed to pay the
interest on the over due
instalments, the Govt in
the same (Revenue) Deptt,
in their Pro: No. of the 29th

August 1901, directed the attachment of the inam village and its management by Govt. Subsequently, the Managers having also failed to perform the services in the Institution for which the inam was granted, the Gumbuz as well as its endowments were, in Govt Pro: No Muzrai 760-1 / Muzrai 16-95, dated 31st December 1903, directed to be taken over under the management of Govt in the Muzrai DC H.E. Although an appeal was preferred against that order by some of the Inamdars of the Institution, the Govt in the Muzrai Department declined to restore the management to the Inamdars as there was no guarantee that the affairs of the Institution would not-

again fall into disorder. A scale of expenditure amounting to Rs 671-10-8, inclusive of the yearly instalments on account of the principal and interest in repayment of the loan, was fixed by Govt, and thereafter payment by the Deputy Commissioner of the balance of the income from the inam land to the shareholders in the inam was also sanctioned.

2. The present Manager of the Gumbaz Syed Ali Shah has petitioned the Deputy Commissioner stating that he has paid the instalments due for the years 1907-08 and 1908-09 also, and that the

loan is fully discharged, and
praying that the Institution and
its main village of Saijankere with its hamlet
may be restored to his management.
He has also promised that
in case the management is
restored to him, he will hold
himself responsible for the
proper working of the institution
and report the same periodically.
The Amildar reports that the
said instalments were credited
to the Treasury and that the loan is
fully paid up and recommends
the restoration. The Deputy
Commissioner supports the
recommendation.

3. The Govt observe that,
computing the period of 15 years
from 1895, the year from which
repayment of the loan should

commence, the loan would be fully discharged in the year 1909 It is reported that the instalments for the years 1907-08 and 1908-09 also have been already paid and that the loan has been entirely discharged. Under the circumstances reported by the Deputy Commissioner, the Govt are pleased to sanction the restoration of the Gumbuz and its inam village to the Inamdars for their management, subject to their conducting the services prescribed in para 3 of the Govt Order of the 21st Feby 1905, satisfactorily and without giving room for complaint. The Manager Syed Ali Shah appointed by the Inamdars should be

directed to maintain regular accounts of receipts and expenditure of the Institution and submit periodical reports thereof and other particulars connected therewith. The Mamdars should be strictly informed that the management is restored to them on the distinct understanding that they will properly conduct the services in the Gumbuz and that their management is favorably reported upon from time to time by the local authorities.

4 The introduction of survey and settlement into the inam village of Sajjankere sanctioned in the Pro: of the 21st Feb^{y} 1905 read above, should be carried out at least during the present field season.

Government Proceedings No. 3052-5, dated 21st February 1905, declining to restore the Gumbuz and the Inam village to the Manager of the Institution until the Government loan is fully liquidated and also fixing a scale of expenditure therein.

2. Letter No. 215, dated November 1907, from the Deputy Commissioner, Chitaldrug District, recommending the restoration of the Gumbuz and its endowments to the Inamdars.

No. 2959-63—MUZ. F. 16 of 1895, DATED BANGALORE, 30TH DECEMBER 1907.

ORDER THEREON.—The Government in the Revenue Department, in their Proceedings No. 13344—R. 1603, dated 28th January 1893, sanctioned a loan of Rs. 3,000 under the Land Improvement Loan Regulation, IV of 1890, to Gulbhar Sha and others, the then Managers of the Ahmed Sha Gumbuz at Chitaldrug, towards the restoration of a breached tank for the benefit of the lands in the Devadaya Inam village of Sajjankere in the Chitaldrug Taluk, granted for the support of the Institution, and directed the repayment of the loan in 15 annual instalments commencing from June 1895. As the Managers, however, rendered themselves very unpopular with the raiyats of the village by their oppressive conduct towards them, and also failed to pay the interest on the overdue instalments, the Government in the same (Revenue) Department, in their Proceedings of the 20th August 1901, directed the attachment of the Inam village and its management by Government. Subsequently, the Managers having also failed to perform the services in the Institution for which the inam was granted, the Gumbuz as well as its endowments were, in Government Proceedings No. Muzrai 960-1—Muz. F. 16-95, dated 31st December 1905, directed to be taken over under the management of Government in the Muzrai Department. Although an appeal was preferred against that order by some of the Inamdars of the Institution, the Government in the Muzrai Department declined to restore the management to the Inamdars as there was no guarantee that the affairs of the Institution would not again fall into disorder. A scale of expenditure amounting to Rs. 671-10-8, inclusive of the yearly instalments on account of the principal and interest in repayment of the loan, was fixed by Government, and payment by the Deputy Commissioner of the balance of the income from the inam land to the shareholders in the inam was also sanctioned.

2. The present Manager of the Gumbuz, Syed Ali Shah, has petitioned the Deputy Commissioner stating that he has paid the instalments due for the years 1907-08 and 1908-09 also and that the loan is fully discharged, and praying that the Institution and its inam village of Sajjankere with its hamlet Rangapura may be restored to his management. He has also promised that in case the management is restored to him, he will hold himself responsible for the proper working of the Institution and report the same periodically. The Amildar reports that the said instalments were credited to the Treasury and that the loan is fully paid up and recommends the restoration. The Deputy Commissioner supports the recommendation.

3. The Government observe that, computing the period of 15 years from 1895, the year from which repayment of the loan should commence, the loan would be fully discharged in the year 1909. It is reported that the instalments for the years 1907-08 and 1908-09 also have been already paid and that the loan has been entirely discharged. Under the circumstances reported by the Deputy Commissioner, the Government are pleased to sanction the restoration of the Gumbuz and its inam village to the Inamdars for their management, subject to their conducting the services prescribed in para 3 of the Government Order of the 21st February 1905,

Muzrai, dated 30th December 1907.

satisfactorily and without giving room for complaint. The Manager Syed Ali Sha appointed by the Inamdars should be directed to maintain regular accounts of receipts and expenditure of the Institution and submit periodical reports thereof and other particulars connected therewith. The Inamdars should be strictly informed that the management is restored to them on the distinct understanding that they will properly conduct the services in the Gumbuz and that their management is favourably reported upon from time to time by the local authorities.

4. The introduction of Survey and Settlement into the Inam village of Sajjankere sanctioned in the Proceedings of the 21st February 1905, read above, should be carried out, at least during the present field season.
